PROFESSIONAL SUMMARY

Instructional designer with 5+ years in EdTech, school, and corporate learning. Designs full-cycle online courses on ADDIE: from training needs analysis (TNA) and design concept to LMS release and Kirkpatrick evaluation. Builds solutions for school students and adults, including onboarding and B2B. Increased course completion rate by 25%, cut content preparation time by 20% and course update time by 30%. Winner of iSpring.BATTLE 2025–2026.

PROFESSIONAL EXPERIENCE

T&D Specialist / Instructional Designer

NDA (iGaming), Full-time, Remote | 08/2025 – 07/2026

In-house T&D provider of an international technology group: software development, systems integration, business process automation

- Developed 12+ online courses from scratch on ADDIE and SAM – LMS courses, assessments, long-reads, and video tutorials with in-house filming, editing, and voiceover – moving training from one-off offline sessions to a permanently available format for 400+ employees
- Increased course completion rate by 25% through feedback analysis and iterative content improvement
- Administered the 360Learning LMS for 500+ users: assigned courses, set up sessions, kept the statistics, and supported users
- Ran training needs analysis (TNA) with the development, Compliance, HR, and PR teams: identified needs, aligned design concepts, and controlled release timelines
- Reviewed and updated existing courses to match current business processes, cutting update time by 30% by formalising the procedure
- Developed the corporate knowledge base in Confluence: 15+ structured articles that accelerated new-hire onboarding
- Supported trainers methodologically: developed templates, standards, and guidelines

Methodologist / Product Manager

Edvibe (ex. Progressme), Full-time, Remote | 12/2023 – 08/2025

Subscription platform for teachers: digital tools to create, adapt, and optimise learning materials

- Designed and launched new educational products: 4+ MVP versions, combining the methodologist and product manager roles
- Supported 10+ B2B clients – online schools, marathon authors, education studios: clarified the request, adapted courses, and ran projects through to the result
- Managed a team of external authors: wrote briefs, controlled methodological accuracy and deadlines
- Developed 20+ assignment templates and sets of methodological commentary for school subjects
- Reviewed 50+ learning materials and standardised lesson templates, cutting content preparation time by 20%

Methodologist

99 Ballov, Full-time, Remote | 01/2022 – 11/2023

Online platform preparing school students for the OGE/EGE national exams: interactive courses, tests, and tutoring

- Designed 8+ online courses from scratch with a focus on exam results: built the modular logic and wrote SMART objectives
- Prepared session plans and methodological reviews for 100+ webinars and supported their delivery, building in gamification and microlearning

- Developed 200+ practice sets, tests, and assignments in Russian, Social Studies, and English for the OGE/EGE exams
- Adapted courses and materials to 3 user segments – grades 8, 9, and 11
- Trained and mentored new instructors: brought 5+ of them into the platform methodology

English Teacher → Methodologist

PrimaEnglish Language Centres, Full-time, On-site | 09/2020 – 12/2021

- Coordinated a team of 7–8 teachers and ran their training; launched 5+ new courses
- Ran 50+ supervisions, improving lesson quality and learner retention
- Developed and adapted programmes for 4+ CEFR levels (A1–C1) and several age groups
- Created placement and progress tests and progress rating scales
- Developed a corporate English training programme for B2B clients
- Taught English to school students, teenagers, and adults
- Formed groups by level, designed individual learning paths, and kept progress records

SKILLS

Instructional design: full-cycle eLearning development, ADDIE, SAM, training needs analysis (TNA), Kirkpatrick evaluation, microlearning, gamification, completion rate optimization, data-driven content optimization, scalable template design

LMS and eLearning standards: LMS administration, learner analytics, SCORM, xAPI, 360Learning

Authoring and design tools: iSpring Suite, Articulate 360, Camtasia, Adobe Premiere Pro, Figma, Canva, Vyond, Genially
