Professional Experience

L&D Specialist

Aug 2025 - Jul 2026

International Provider · Full-time

In-house training company inside an international technology group: software development, systems integration, business process automation.

- Designed and launched 12+ online courses from scratch using ADDIE and SAM, transitioning training from one-off in-person groups to LMS courses, assessments, long-reads, and video tutorials permanently available to 400+ employees.
- Increased course completion rate by 25% by analyzing learner feedback and iteratively improving content.
- Created 15+ structured Confluence articles to expand the corporate knowledge base and accelerate new-hire onboarding.
- Administered the LMS for 500+ users, assigning courses, managing sessions, tracking completion, and supporting users.
- Conducted TNA with engineering, compliance, HR, and PR teams as an SME; aligned design concepts and managed release timelines.
- Provided methodological support to trainers by developing templates and standards and ensuring compliance with corporate guidelines.

Methodologist / Product Manager

Dec 2023 - Aug 2025

Edvibe (ex. Progressme) · Full-time

Subscription-based EdTech platform: digital tools for educators to create, adapt, and optimize learning materials.

- Launched 4+ MVP versions and tested hypotheses in a combined Methodologist/Product Manager role. Interviewed 12 teachers about a lesson-template MVP, reframed the feature from "choose a template" to "adapt what you already have," and updated onboarding accordingly.
- Managed requirements gathering, adaptation, and delivery for 10+ B2B clients, including online schools, marathon creators, and education studios.
- Supervised 3-4 external authors by creating briefs, ensuring methodological accuracy, and controlling deadlines.
- Developed 20+ assignment templates and guides for K-12 subjects; standardized lesson templates, reducing prep time by 20%.

Methodologist

Jan 2022 - Nov 2023

Online school "99 Ballov" · Full-time

Online platform for K-12 exam preparation (OGE/EGE) with interactive courses, tests, and tutoring.

- Designed the structure and content for 8+ online courses, including modular architecture, SMART objectives, and difficulty calibration.
- Wrote session plans and reviews for 100+ live webinars, incorporating gamification and microlearning.
- Created 200+ practice exercises and assessments for national exams in Russian, Social Studies, and English.
- Onboarded and mentored 5+ new instructors on platform methodology and course launch procedures.

Deputy Director for Academic Affairs

Sep 2020 - Dec 2021

Secondary School No.5, Kaluga · Full-time

- Established shared marking criteria based on Russian FGOS and international practice, making grades comparable across parallel classes.
- Systematized performance-data collection and reporting for 500+ students and created analytics report templates.
- Delivered 6+ teacher workshops on formative-assessment tools and proficiency levels.

KEY STRENGTHS

- ▶ Full-cycle eLearning development
- ▶ Cross-functional collaboration
- ▶ Data-driven content optimization
- ▶ Scalable template design
- ▶ B2B educational consulting
- ▶ Team mentoring & training
- ▶ Agile product thinking

Professional Experience (cont.)

English Teacher - Methodologist

Aug 2018 - Mar 2020

PrimaEnglish Language School · Full-time

As Methodologist:

- Coordinated and trained a team of 7-8 instructors; launched 5+ new courses
- Designed and adapted curricula for 4+ CEFR levels (A1-C1) and multiple age groups
- Conducted 50+ teaching observations; provided constructive feedback to improve lesson quality and retention
- Created placement and progress tests, grading rubrics, and feedback templates
- Developed a corporate English training program for B2B clients

As English Teacher:

- Taught English to K-12 students, teenagers, and adults, including corporate training programs
- Administered placement testing and formed groups by CEFR proficiency level
- Designed individualized learning paths aligned with learner goals
- Applied communicative methodology using authentic materials (Oxford, Cambridge)
